Objective

To apply my programming knowledge and creativity at a technical position for summer of 2016.

Experience

Teaching Assistant, Girls Who Code

Summer 2015

Assisted in teaching girls in high school how to program. Helped to teach course material as well as create an inclusive classroom environment. Covered extensive material such as web programming, cyber security, algorithms, and robotics.

Publicity Officer, Women In Computing Association at the Claremont Colleges

Fall 2015

Planned and coordinated events for women who are computer science majors such as hack days and retreats.

Teaching Assistant, Claremont McKenna College

Fall 2014 – Fall 2015

Tutoring and grading for two introductory level computer science courses.

Information Technology Intern, Scripps College

Fall 2014

Assisted with resolving campus wide technological issues. Carried out tasks such as switching out computers, monitors, and fixing printers. Answered phone calls from campus staff and students regarding tech problems

Education

Scripps College

Expected graduation: May 2017

BA, Computer Science

Dean's List awardee; GPA 10.93 (12.0 scale)

Relevant coursework: Data Structures, Development for the Web, Database Systems, Computer Systems

University of Canterbury

Present – June 2016

Study abroad at New Zealand university, enrolled in Algorithms and Computer Graphics.

Skills

Computing Languages: Python, Java, PHP, C

Web Development: HTML, CSS, JavaScript, JQuery, MySQL

Languages: Spanish
